Season Report for the Week ending 10th October 1891.

District.	Rain-fall at—	Present week.		Corresponding week of last year.		Price of food grains in seers per Rupee; and marked fluctuations in the prices of food grains.	Market how supplied.	Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities.	Prospects of Season; tracts in which the rain-fall has been insufficient; areas affected by scarcity, number of people under relief, and state of food stocks.	Public Health.	Remarks as to the condition of agricultural stock, failure of pasturage or fodder, &c.
		I.	C.	I.	C.	This week. / Past week.					
alore ...	Bangalore C. & M. Stn. ...	...	...	...	...		Well supplied.	Standing crops much benefited by the recent showers, but rainfall of the week insufficient especially in parts of Hoskote and Devanhalli Taluks, where the standing crops are still reported to be in a backward condition. Paddy, ragi and horse-gram were sown in Nelamangala Taluk. Probable out-turn 6 to 8 annas.	Prospects of season very hopeful, if rain continues.	Good.	Water procurable. Pasturage improving.
